

Tuck In Bed Scarf

Using Your Tuck In Bed Scarf & Washing Instructions

Thank you for purchasing the Tuck In Bed Scarf. The scarf is fast and easy to put on, and take off, your bed.

Step 1:

Remove the Tuck In Bed Scarf from the plastic bag. Unfold the scarf. Drape the scarf over your bed with the faux suede fabric side up. The off-white fabric side of the scarf should be facing down.

Step 2:

Center the scarf on your bed so the front panel of the scarf falls over the foot of your bed. Align the seam on the front panel with the edge of the foot of the bed. Center the main part of the scarf on the bed so that the scarf is falling equally over both sides of your bed.

Step 3:

If you don't want the scarf to move when your pet is on the bed, we recommend tucking the scarf in between the mattress and box springs. Make sure the front and sides of your bed are covered and protected.

Step 4:

Smooth out any creases and ripples.

Step 5:

This is the most important step - enjoy your four legged best friend sleeping comfortably on your bed knowing your bed will be protected.

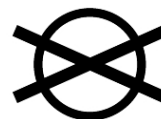

Washing Instructions:

Your Scarf is fast and easy to clean.

Wash and dry separately from other items. Wash the Scarf with cold water on a gentle setting using a mild laundry detergent, such as Woolite.

Tumble machine dry on a cool to warm setting. Do not use bleach, and do not dry clean as these will damage the upholstery grade fabric.

In the event of a pet 'accident' remove the Scarf immediately from your bed. We recommend using an enzyme based urine treatment directly on the accident. Follow the directions on the urine treatment product.
